Rug Pads

Rug-Stop Rug Pad

This cushy rug pad will have you stopping in your tracks when you feel the difference it makes under your favorite rug. A low profile supports the rug evenly, promoting even wear and keeping it looking handsome year after year, while the woven construction promotes air circulation. Made of PVC-coated polyester with high-grade vinyl, this rug pad is ideal for use under low-profile rugs throughout the home and on staircases.

PVC-coated polyester. Guaranteed not to stain. Fire-retardant, moth-proof, and treated with an antimicrobial guard. Please follow floor manufacturer's instructions when using a rug pad. Cannot be used on radiant heat floors. Hand wash with mild detergent, rinse, and lay flat to dry.

For Use With:

- Cotton Woven
- Indoor Outdoor (PET) – indoor use
- Indoor Outdoor (Polypropylene) – indoor use
- Jute
- Sisal
- Wool Woven

Outdoor Floor Rug Pad

Take it outside! This sturdy outdoor rug pad provides a no-slip grip while standing up to outdoor conditions. Made of PVC-coated polyester, this rug pad is more rigid and less plasticized than our indoor varieties, allowing it to be used outside without any surface transfer. Layer under your favorite indoor/outdoor rugs to ensure safety and comfort on your porch, deck, patio, in the sunroom, workshop, or even garage.

PVC-coated polyester. May not be suitable for use on vinyl, lacquered, acrylic, Mexican Saltillo tile, terra-cotta, or unsealed surfaces. Please follow floor manufacturer's instructions when using a rug pad. Cannot be used on radiant heat floors.

For Use With:

- Indoor Outdoor (PET) – outdoor use
- Indoor Outdoor (Polypropylene) – outdoor use

Rug Pads

Solid Extra-Grip Rug Pad

Get a grip! Not only does our super sturdy rug pad ensure safety and prevent slipping, but its extra thick profile also enhances the rich feel of high pile rugs underfoot. Plus, the solid construction of this PVC-coated rug pad prevents spilled liquids from leaking through to the floor--perfect for homes with kids and pets!

PVC-coated polyester. Guaranteed not to stain. Fire-retardant, moth-proof, and treated with an antimicrobial guard. Please follow floor manufacturer's instructions when using a rug pad. Cannot be used on radiant heat floors. Hand wash with mild detergent, rinse, and lay flat to dry.

For Use With:

- Cotton Hooked
- Wool Handknotted
- Wool Hooked
- Wool Micro Hooked
- Wool Tufted & Carved

Floor-Lock Felt Rug Pad

Your feet will thank you when you use this felt rug pad in any room of the house. While simultaneously providing cushion, insulation, and a no-slip grip on both hard and carpeted surfaces, this rug pad is also antimicrobially treated to prevent odor, mold, and mildew. The natural rubber, textured backing contains no plasticisers, meaning no part of it will ever transfer to your floor.

Needle punch felt and natural rubber backing. Approved for use on radiant heat floors. Guaranteed not to stain. Please always follow floor manufacturer's instructions when using a rug pad.

For Use With:

- Cotton Hooked
- Wool Handknotted
- Wool Hooked
- Wool Micro Hooked
- Wool Tufted & Carved
